Dear Betsy,

Many thanks for your letter of the second - and the efforts.

Unless yesterday's developments result in a delay, I expect I'll be there in about eight-ten days.

There is also a rumor that Percy Foremen has taken over Shaw's defense. He refuses to confirm or deny, rather unusual if there is nothing to it, but the filing of motions by Dymond may be indication there is nothing to it. He had made firm denial, but it also could have been under negotiation without his knowledge. My source was not the office, which knew nothing.

Hope you have a good year coming. Looking forward to seeing you all soon.

Sincerely,
